

S.M. SHREYAS

Data Engineer • Python • PySpark • SQL • ETL

+91-7828332249 • s.m.shreyas@outlook.com • Bengaluru, Karnataka • [GitHub](#) • [LinkedIn](#) • [Hackerrank](#)

PROFESSIONAL SUMMARY

- Entry-level Data Engineer with hands-on industry experience in Python, SQL, and ETL pipeline development.
- Specialized in data extraction, transformation, workflow automation, and analytics-ready dataset preparation.
- Built data processing solutions using PySpark, Apache Airflow, Pandas, OpenPyXL, Regex, Camelot, AWS S3.
- Experienced in Performance tuning and Data Warehousing techniques.

SKILLS

- **Languages:** Python, SQL
- **Data Engineering:** ETL, Apache Airflow, Apache Spark, Apache Kafka, AWS S3
- **Libraries:** Pandas, PySpark, SQLAlchemy, OpenPyXL, Camelot, Regular Expressions, Boto3
- **Databases:** Oracle 12c, PostgreSQL, MySQL

EXPERIENCE

Data Intern | Point Cross Life Sciences Pvt. Ltd, Bengaluru
May 2025 – Aug 2025

Skills: Python, Pandas, Regex, ETL, OpenPyXL, Camelot

- Extracted and processed 1000+ clinical and non-clinical pharmaceutical study datasets from PDF reports.
- Developed Python-based ETL workflows to transform, clean, validate, and standardize extracted data.
- Processed reports of domains such as, clinical chemistry, haematology, urinalysis, macro/micro-observation etc.
- Converted PDF reports into structured Excel files and unpivoted the data into analytics-ready CSV.
- Performed data quality checks and validation to ensure data accuracy, consistency, and completeness.

Data Engineer | Aroha Technologies, Bengaluru
Jan 2023 – Dec 2023

Skills: Python, SQL, ETL, Apache Airflow, AWS S3, Boto3, SQLAlchemy, Regex.

- Wrote and optimized SQL queries to support data extraction, troubleshooting, and internal reporting.
- Developed a transformation module of an ETL workflow to process 100+ TXT logs daily, into normalized CSV.
- Implemented data cleaning, validation, and normalization to prepare datasets for downstream analytics.
- Developed reusable Python modules to automate repetitive data processing tasks, improving workflow efficiency.
- Collaborated with team members to share ETL development practices and support knowledge transfer on Python.

EDUCATION

B. Tech in Electrical & Electronics Engineering.

- **Institute:** RSR Rungta College of Engineering & Technology.
- **University:** Chhattisgarh Swami Vivekanand Technical University.
- **Graduation:** 2020
- **CGPA:** 71%
